5. Business Arising from the Previous Minutes

5.1 Student Services Budget

- The budgets for Student Services and Recreation & Athletics for 2012-2015 were tabled at the January 27th meeting and discussed in detail at that time.
- Two information sessions were scheduled after the last meeting and two members took part. A separate presentation was made to R. Hadisi, the GSA representative, as he was not present at the budget presentation on January 27, 2012. These sessions allowed for discussion of details as well as clarification of the PowerPoint presentation.
- M. Drew asked all of the members if they had any outstanding questions or concerns about the proposed budget. No questions were asked. At that time, she clarified that the next step would be to adopt and recommend approval of the proposed three year budget. After that, it would be submitted to BOG for final approval. A draft motion was presented and read as:

Whereas the Concordia Council for Student Life (CCSL) is the highest parity committee in the University making recommendations regarding the quality of student life;

Whereas the mandate of CCSL, among others, is to recommend for approval to the Board of Governors, the Student Services and Recreation & Athletics budgets;

Be it resolved that CCSL adopt the three year Student Services and Recreation & Athletics Budgets for fiscal years 2012-13, 2013-14 and 2014-15 as per the attached documents (Recreation and Athletics Budget 2012-2015 and Student Services Budget 2012-2015, both dated March 2, 2012).

Presented by B. St Laurent
Seconded by C. Bolton
14 in favour; 0 against; 1 abstention
Motion passed with a majority.

6. Points of Interest and Other Business

K. Sheahan noted that Recreation and Athletics would be engaging a public awareness campaign around appearance and performance enhancing substances.

- Will include athletics as well as around products that are developed for the general population and marketed specifically to a “university-aged” population.
- The industry is unregulated and the goal will be to educate people on the risks of using these products.
- The project has already engaged stakeholders in Health Services and the Perform Centre.
- Anyone interested is welcome to participate, especially student leaders, or those council members who may know individuals that could be interested in this subject.
- The idea is to develop messaging and images for a campaign that would extend beyond any academic year.

C. Walcott thanked A. Woodall, M. Allard and G. Beasley in making sure the LB Sleep-in went smoothly and noted that students may not be at the next meeting due to the strike.

The Recreation & Athletics website will have a live feed for the men’s basketball game at Concordia and a link to the national network for all games being webcasted off campus.
